

AMERICANS PARTICIPATE IN PICARDY FIGHT

MANPOWER BILL PASSES SENATE

All Men 18 to 45
Must Now Register

Measure Is Approved by Unanimous Vote in the Upper House.

MAKES FEW CHANGES

Attempts to Alter Age Limits or Direct Separate Classification of Youths Under 21 Years Prove Unavailing.

Washington, Aug. 28.—The Senate passed the manpower bill bringing within the army draft all men from 18 to 45 years old with a modified "work or fight" clause.

There were 75 affirmative votes. The Senate was recorded unanimously for the bill. Senator Gore of Oklahoma, who cast the only negative vote on the roll call, withdrew it and was excused from voting.

All efforts to change the age limits or to direct separate classification of youths under 21 failed, and the measure now goes to conference between the House and Senate with no difference for serious controversy except the work or fight provision.

The final vote in the Senate was recorded amid unchecked applause from the galleries filled with spectators who attended the session to witness final congressional action on the measure that will add approximately 13,000,000 men to the potential military strength of the nation.

To Wilson Before Week-End. In conference the differences in the drafts of the bill as passed by the Senate and as enacted Saturday by the House by a vote of 336 to 2 are expected to be compromised speedily and the bill in its final form transmitted to President Wilson for his signature late this week.

Preparations being made by Provost Marshal General Crowder to carry out the provisions of the measure are expected to insure the registrations of all men within the ages of 18 and 21 and 31 and 45 within a week or ten days after the President attaches his signature.

The Senate adopted practically all of the principal provisions of the bill, advocated by the Administration, including that giving the President authority to establish orders of call for service of the men effected. President Wilson is expected to follow the plans of the War department, which according to testimony before the Senate and House military committees by General March, chief of staff, and General Crowder, provide for the calling of youths of 18 years after the other classes have been summoned and the educating of such boys while in training and prior to their being sent overseas.

LIEUT. PENDLETON
Decorated by King Albert of Belgium.

Lieut. George H. Pendleton, United States infantry, was cited in Belgian army orders for gallantry and was decorated with the Belgian war cross by King Albert. Lieutenant Pendleton is the son of Judge Francis K. Pendleton of the New York supreme court, and the great grandson of Francis Scott Key, author of the "Star Spangled Banner." He was sent with two other officers and 20 men to get information about the enemy. They encountered a German patrol and in the struggle which followed Lieutenant Pendleton was wounded, but the desired information was obtained.

The colonel of the Belgian regiment was so pleased that the young American lieutenant was made an honorary member of the Regiment des Guides, a crack unit.

Allies Drive Back Bolsheviki Troops

(By United Press)
Washington, Aug. 28.—American and Japanese forces have driven the Bolshevik back six miles from the Ushuri river front in eastern Siberia, according to delayed Vladivostok messages.

Senator James Passes Away

(By United Press)
Baltimore, Aug. 28.—United States Senator Ollie M. James of Kentucky, died early this morning after many months' illness.

New Minister of Blockade

Sir Laming Worthington Evans has just been appointed minister of blockade for Great Britain in place of Sir Robert Cecil. He has been parliamentary secretary to the minister of munitions for two years.

MANGIN'S ARMY WITH YANKS COOPERATING ATTACK AT SOISSONS

British First Army Advance South of Scarpe Reaching Enemy 3 Miles Beyond Hindenburg Line

French Troops Capture Chaulnes, Great German Defensive Point on the Picardy Front, Last Night, Is Official Report

112,000 Prisoners, 1,300 Guns Taken Since July 1st

(By United Press)
Washington, Aug. 28.—German prisoners from July 1 to date number about 112,000 and about 1,300 heavy guns have been captured, Chief of Staff March announced.

British Capture Faucourt

(By United Press)
London, Aug. 28.—British troops have captured the strongly defended town of Faucourt which has been holding up their advance south of the Somme General Haig reports. Trones woods also a strong point, has also been taken.

French Occupy Chapeau Mesril

(By United Press)
London, Aug. 28.—The French have occupied Chapeau Mesril south of Roye taking several thousand prisoners. The Germans are reported recklessly drawing upon Rupprecht's reserves, throwing several fresh divisions in the fighting south of Baupaulme.

Greece Wants Aid of American Troops

(By United Press)
Washington, Aug. 28.—Greece may make a direct appeal to President Wilson for American troops to aid in Albania upon the arrival of Nicholas Kyriakides, of the Greek mission, in a few days, according to Greek Minister Rousses.

Spaniard Sentenced to Death in Paris

(By United Press)
Paris, Aug. 28.—Manuel Menanda, of Madrid, was today sentenced to death by a military court for attempting to acquire information of the arrival of American troops and their location.

Submarine Commander Buried Last November

(By United Press)
Paris, Aug. 28.—The French minister of marines declares the British buried Lieut. Schweizer last September who commanded the German submarine that sank the Lusitania.

American Troops Participating in Great Battle

(By United Press)
Paris, Aug. 28.—American troops are reported participating in the great Picardy battle. General Mangin's army, with the Americans cooperating are attacking north and west of Soissons. Between that city and Chavigny, the Times declares that probably Noyon has been taken. French cavalry is now operating in the Nesle region. The fiercest fighting is now going on southward where the French threaten Nesle, Noyon road and canal. Enormous booty has been taken.

British Capture Town Back of Hindenburg Line

(By United Press)
London, Aug. 28.—The British first army advanced south of the Scarpe reaching Remy three miles beyond the Hindenburg line, an official statement says.

French Capture Chaulnes, Also 30 Villages Taken

(By United Press)
Paris, Aug. 28.—French troops captured Chaulnes the great German defensive point on the Picardy front last night an official announcement says. The advance along the whole front between Chaulnes and the Oise continued through the night, and this morning the French had reached the vitally important town of Nesle. Thirty villages have been taken since yesterday and at some points the French have advanced seven and a half miles. The French are now within two miles of the Somme at a point north of Nesle and are advancing rapidly.

Americans Advance Line on the Vesle

BY FRED S. FERGUSON,
(Staff Correspondent, United Press)
With Americans in France, Aug. 28.—Americans and Germans engaged in sharp infantry fighting and violent artillery from the region of Bazoches to considerably west of Fismes on a five mile front. The Americans advanced their line in the region of Bazoches, resulting in fierce street fighting in the outskirts. At the same time the boche attacked Fismette and was entirely repulsed.

British Reach Point Farthest East Since Hun Invasion

BY LOWELL MELLETT,
(United Press Staff Correspondent.)
With British ahead, Aug. 28.—Canadians have reached the St. Rohart sugar factory, the farthest point eastward along the Cambrai roadside since the German invasion. The German defense is stiffening in the region of Croisilles, but the British got into Valux Vraucourt, grabbing 500 prisoners before forced to withdraw. Belleville road was captured last night. Several divisions of fresh Germans have been thrown into the battle south of Baupaulme. There was less fighting on most of the fronts last night and this morning.

BATTLE AT NOGALES

American Troops and Mexicans Have Serious Clash.

Several Yankees Are Killed and Invaders Are Driven Off With Heavy Loss.

Nogales, Ariz., Aug. 28.—Two Americans were killed, 29 wounded and more than 500 American troops were engaged for one and one-half hours on the border here during a battle between American troops and Mexicans, it was officially announced.

Nogales, Ariz., Aug. 28.—One civilian was killed, an American officer fell fighting in the streets of Nogales, another officer was seriously wounded and between 10 and 20 American soldiers killed during a battle which took place along International avenue between American troops and Mexicans in Nogales, Sonora.

Several hundred troops engaged the Mexicans and drove them well back into their town. Approximately 15 Americans were wounded, including Lieut. Col. Frederick H. Herman, who was shot through the right leg while commanding the American troops, but continued in command on crutches. The dead include Captain J. D. Hunkerford, who was killed in action. The civilian was Gaston Reddock, who was killed during the first hour of the fighting. Lieutenant Luke W. Loftus was seriously wounded.

While the casualties on the Mexican side of the border were not known it was estimated that 100 had been killed by fire from the American side, while at least twice this number, including a number of civilians were wounded.

Americans Prepared for Mexican Outbreak

Washington, Aug. 28.—Additional Mexican troops are reported going into Nogales and the American cavalry and machine guns outside are prepared for an outbreak.

HOOVER RAISES BAN ON WHEAT

MRS. ENRICO CARUSO

New York girl who secretly married great tenor.

Enrico Caruso, the famous Italian tenor, secretly married, the other day Dorothy Park Benjamin, of New York twenty-five years old daughter of Park Benjamin, a well known patent attorney and naval expert. Caruso is twenty years her senior.

Announces New Food Regulations Will Be Effective on September 1.

WHEATLESS DAYS END

Nations Fighting Central Powers Will All Eat Bread Made From 80 Per Cent Flour and 20 Per Cent Substitutes.

Washington, Aug. 28.—Regulations announced by Food Administrator Hoover provide universal war bread for all the nations arrayed against the Central powers, under which wheat flour restrictions in the United States are relaxed, and the Allies given bread containing more wheat than they have had since the early days of the war.

The regulations are effective Sept. 1, and wheatless days and wheatless meals will be discontinued on that date.

Under an international bread policy formulated by the inter-allied food council in London, all bread made after Sept. 1 for France, England, Italy, the United States and the other Allies, will be made of mixed flour containing 80 per cent wheat flour and 20 per cent substitute cereals.

Conflicting Orders Rescinded. All present baking regulations in conflict with the new plan are rescinded, including the half and half regulations controlling flour sales to householders, and that permitting bakers to use only 70 per cent of their normal supply of wheat flour.

All rationing of bread among the Allied nations will be discontinued and plenty of the new "Victory bread" is assured the civil populations at a time when the wheat situation in Germany and Austria is anything but promising.

Ready mixed flour in the proportions allowed by the food administration, in accordance with its milling standards, will be available for purchase by householders, although this is not compulsory. They are urged, however, to buy the ready-mixed Victory flour, but where pure wheat flour is purchased the regulations require retailers to sell 20 per cent of substitutes at the same time to each purchaser.

Rely on Householders. The food administration relies on householders voluntarily to mix their bread in the same 80-20 proportion required of bakers.

All so-called "Victory flours" may be sold without substitutes, the regulations provide, but at no greater price from the miller, wholesalers or retailer than in the case of standard wheat flour.

Whole wheat, or graham, flour may be used without substitute, but it must contain at least 95 per cent of the wheat berry.

Tyler Again Visited by Fierce Storm

(By United Press)
Tyler, Minn., Aug. 28.—Tyler was again visited by a heavy wind storm this morning, uprooting trees and blowing in windows. Private Frank Stemper, of Mankato, was injured by falling glass. Hospital patients of Thursday's cyclone were terrified.

Every American Soldier in France Knows What This Sign Means

Every American soldier in France can read sufficient French to tell what this sign means: "Do not go over there without carrying your mask." The signs have been placed at innumerable places along the western front.

LEE BENNETT WRITES INTERESTING LETTER

(Former Editor Pillager Herald)

Today is the "Grand and Glorious" July 4th. Somewhere in France, I have the pleasure of writing this in a cozy American Y. M. C. A. hut, and it surely seems like home. Some of the boys are playing a piano, others are reading papers, some playing checkers, and all seemingly quite happy. We are back of the lines now a few miles, being held in reserve, and, probably, won't go back to the trenches again for a couple of weeks. We marched in here last night. We were ready to move at 10 o'clock, but did not start until 2:30.

It was raining, but didn't get so very wet.

We had a picnic dinner today—coffee, bread and soup. However, I am sure it tasted better to me than on many July 4th's at home, when I would cram myself with ice cream, lemonade, cake and such. Don't think I wouldn't enjoy any one of these now, for I would, but everything is so different "over here," and we don't expect all those extras—good, plain food is what Uncle Sammy gives us. One day our kitchen was shelled in the trenches, and we didn't have hardly anything all day. But that isn't usual, as we are supposed to get two good meals every day, and we sure get good U. S. wheat bread. Sometimes we can buy eggs from the Frenchmen, which we do, though they cost 10c each.

The day our kitchen was shelled, one boy that I knew at Camp Dodge was killed, and several wounded, while others in there didn't get a scratch. That same evening we were shelled again by a big gun and all too cover in a big dugout. None were hurt. The signal to the Germans was given by a spy, who was later captured. Near the front one can hear shells screaming at almost any hour of the day.

Have seen several air battles, but have never yet seen a machine shot down. Didn't have the pleasure of seeing or shooting at a German while in the trenches but will get it next time. Our front is very quiet at present.

We have steel helmets and always carry gas masks and when near the front sleep with them tied on us. In this village everybody—women, children, soldiers and all—always carry gas masks. However, that is the least of my troubles, and am not worrying about gas, as we always have guards around to sound the alarm in case a gas shell or cloud comes. Have seen several shelled villages, with nothing but ruins remaining and in fact, everything relating to war, except a hand to hand fight.

My bed consists of board, with my overcoat and a blanket spread on it. I never knew boards were so soft. It seems I can go to sleep any place—on the bare ground, on brick or boards, on a cot or bunk. I have tested them all.

Told Americans Lift Scalps.

Chicago, Aug. 28.—Private Harry E. Hennessy, United States marine, who fought at Chateau Thierry, is at home here, having been invalided from France. He said the majority of prisoners taken at Chateau Thierry were aged men and boys not more than 16 years old. "We took prisoners who had been strapped to their machine guns," Private Hennessy said. "They were almost dead from starvation and mad from fear. They had been told we would tomahawk them and scalp them."

RECORDS TRIP EXPERIENCE

Private George McLellan Writes His Parents, Mr. and Mrs. A. E. McLellan of City

In a letter dated Aug. 23, Private George McLellan of Co. 1 342d Inf. A. E. F., writes his parents, Mr. and Mrs. A. E. McLellan of experiences on his way east.

The boys rode in Pullmans. From Camp Grant out stops were only made for changing engines or to take on water and coal.

The Red Cross was busy everywhere and gave the men something to smoke or eat. Places passed enroute were Chicago, Syracuse, Oneida, Rome, Lackawanna, Middleton, Cornwall, etc. They saw Brooklyn bridge. They caught a glimpse of Niagara Falls. They saw one side of Lake Erie and Lake Ontario, city of Buffalo, Batavia and Rochester. At the latter place they were marched around town and taken to the Red Cross building and all given a bath. All the boys praise the courtesies and kindly thoughtfulness of the Red Cross ladies.

At Buffalo the boys were impressed by the city. They saw mountains and went through innumerable tunnels.

Many Juvenile Readers.

More than seven and a half million books are lent by London public libraries in a year, the juvenile readers taking considerably over a million.

Catarrhal Deafness Cannot be Cured.

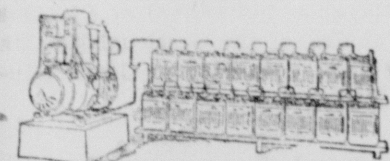

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound of imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, 75c.

WOMAN'S REALM

BRING COMPLETE ARTICLES TO A. R. C.

It is important that the ladies who have been assigned yarn for knitting Red Cross articles bring their completed articles to Red Cross headquarters, as they must be marked and prepared for the next shipment.

Mrs. C. D. Johnson is in charge of the knitting department and she states that a number of ladies have had yarn for some time and have not reported their progress. These articles must be marked with the official Red Cross label and it is important that they are turned in at once.

Knitters should remember that the socks they knit must be thoroughly dried after washing, as they will not be accepted if still wet. The attention of all knitters is called to this in the hope that they will be prompt in turning in their articles.

Bethlehem Ladies' Aid

The Ladies' Aid of the Bethlehem Norwegian Lutheran church will meet in the church parlors Thursday, Aug. 29, Mrs. Peter Hanson entertaining.

Young Peoples Meeting

The Young Peoples society of the Norwegian-Danish Lutheran church meets Thursday evening with Mr. and Mrs. John Larson.

BRAINERD'S ODDEST STORIES OF TODAY

Ordinarily a dry goods store does not attract men but Sunday the windows of the H. F. Michael Co. store attracted a crowd who were not very gallant. Men stood and laughed while the sun melted the hands off of the wax figures. The heads, too "warped" and gave some of the figures the appearance of being badly dissipated. It was all caused by the fact that Mr. Beale, who has charge of the windows, being out of the city and the understudy in charge "forgot."

A load of clay and other road making material was delivered near W. H. Crowell's home on the north side this morning and so overjoyed was Mr. Crowell that the road in front of his house was to be improved, that he leaped out of bed in his pajamas, said friends, grabbed a shovel and assisted in spreading the clay where it would do the most good.

A tourist in town yesterday told the story of a remarkable car explosion. They drove to Nisswa through muddy roads and put the car in a tiny garage. Next day was Sunday and the family wanted to attend divine worship. The chauffeur goes out to start the touring car and a terrific explosion followed. Family and the neighbors rushed out and there sat the chauffeur, pale as death. The tinpot of the muffler had been blown to bits as well as part of the side of the garage. It appears that sticky clay had gathered about the muffler and then hardened. When the car was started, it blew out the clay mold and smashed things generally.

Somebody sent for the doctor on the north side after some hopeful had sampled green watermelons from a garden.

Prepare For the Hot Wave

The hot sun is doubly dangerous if there is a mass of undigested food in the stomach. Foley Cathartic Tablets give prompt and sure relief. They act gently but do their work thoroughly. They cleanse the bowels, sweeten the stomach and benefit the liver. For indigestion, biliousness, bad breath, bloating, gas, H. P. Dunn, druggist.

Had His Uses.

"That man doesn't seem to do much but stand around and look important," said the manager. "Yes," replied the proprietor. "He's naturally gifted that way. All the rest of us are hustling in such a hurly-burly fashion that I think it well to keep him around to give a touch of ease and dignity to the scene."—Washington Star.

Locomotive Engineer Writes

When the kidneys are not working properly, backache, stiff joints, rheumatic pains and suffering result. George McLain, Turtle Lake, N. D., writes: "I am a locomotive engineer. I had a pain in my back and my bladder action was very irregular. I took Foley Kidney Pills and was relieved in a couple of days." H. P. Dunn, druggist.

At the Best Today

Among the film luminaries now before the public, few have the following won by Billie Burke, the dainty magnetic Paramount star, who is to be seen here in "Let's Get a Divorce," her latest Paramount vehicle adapted by John Emerson and Antio Loos from Victorien Sardou's celebrated play, "Divorçons." Miss Burke has achieved a triumph in her recent Paramount play, "Eve's Daughter," but it is safe to say that her characterization in "Let's Get a Divorce," that of a convent-bred French girl of a romantic temperament, will rank as one of her best photoplays.

BILLIE BURKE
Paramount Pictures

In this sterling photo comedy, Miss Burke has the role of Symprienne Marcey, a girl living in a convent in Southern France, who, to relieve the monotony of her convent life, indulges in numerous harmless flirtations. She meets and loves Henri de Prunelles, a writer, and becomes his wife. When Henri lapses into the humdrum existence of the ordinary husband, her romantic disposition finds relief in a flirtation with Adhemar, an officer of the Forestry Service. Believing herself to be madly in love with him she begs her husband to give her a divorce in order that she may become Adhemar's wife. This he apparently consents to do but with the aid of his sister, Yvonne, he plots to destroy her infatuation for Adhemar and win her more firmly for himself.

This is accomplished in a series of scenes as dramatic as they are charming. "Let's Get a Divorce" will be presented at the Best theatre today.

At the Best Tomorrow

At the Best theatre tomorrow, clever young Jack Pickford, the Paramount star, will appear in a continuation of "Tom Sawyer" entitled "Huck and Tom" which, although complete in itself, abounds in the

JACK PICKFORD
Paramount Pictures

thrills and fun of Mark Twain's original book, taking up the hero's adventures from the discovery of the grave robbers to the finding of gold in the cave where he and Beck Thatcher are marooned for several days. The cast is the same as in "Tom Sawyer"—the same "Aunt Polly" skillfully depicted by Edythe Chapman, the same ragged, happy-go-lucky little derelict of a Huck Finn as played by Robert Gordon and the others the same with the exception of Frank Lanning who appears as Injun Joe and Tom Bates as Muff Potter.

ENDORSED AT HOME

Such Proof as This Should Convince Any Brainerd Citizen

The public endorsement of a local citizen is the best proof that can be produced. None better, none stronger can be had. When a man comes forward and testifies to his fellow-citizens, addresses his friends and neighbors, you may be sure he is thoroughly convinced or he would not do so. Telling one's experience when it is for the public good is an act of kindness that should be appreciated. The following statement given by a resident of Brainerd adds one more to the many cases of Home Endorsement which are being published about Doan's Kidney Pills. Read it.

J. C. Higbe, traveling salesman, 402 S. Sixth St., says: "I am a strong believer in Doan's Kidney Pills for I have always found them very satisfactory. I have used them several times when suffering from lameness in my back and trouble with the kidney secretions. I have no hesitancy in giving them my endorsement. Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Higbe had. Foster-Milburn Co., Mfgs., Buffalo, N. Y."

MIDSUMMER CALLS FOR COOL CLOTHES

American Women Adopt Costume That Is Best Suited to the Season.

ABANDON WHITE LINEN SKIRT

Adopt French Fashion of Meeting All Emergencies in Costume of Thin Cloth or Any of the Chinese Silks.

New York.—A woman who was looking at some snapshots of fashionable folks in the open on a mid-summer day, remarked on the peculiarly old-fashioned effect of a certain costume. It was a short, white linen skirt buttoned down the front, a white muslin blouse with a wide turn-over collar, a colored sweater opened in front, with pockets and a belt of itself.

"Once upon a time," said this woman, "this costume was considered the uniform of the American summer girl. It was adopted without cavil. It was

The sketch of this gown shows a knife-plaited skirt of white crepe de chine, short and narrow. Above it is an odd little black velvet coat, which is shaped out from the waist at one side and straight on the other. There is a collar of white chiffon and Valenciennes lace, and a pink rose caught at the waist.

accepted without comparison with the fashions of any other country. And yet, at this moment, it looks entirely out of the picture."

There has been no revolution, declares a prominent fashion writer. Changes in summer apparel have been in cities only. They are Americanized French fashions today. Even this summer has seen a distinct change from what has been.

The linen skirt, gored at the top, slightly flaring at the hem, and buttoned down the front, is a thing of the past to a great majority of women who are well dressed by instinct, or because they follow the movement of the crowds. Any skirt is worn but a linen one.

Sweaters in Evidence.

Certain shops say that the sale of sweaters for the autumn is small, but they add that the spring sale was good. We see sweaters in every shop, despite the conservation of wool decree. We see women knitting sweaters for themselves and their children, and not for the soldiers and sailors. We read that colossal department shops have an unusual quantity of yarn and are willing to sell it at moderate prices.

Yet, if one judges fashion by fashionable folk, the colored, knitted sweater has had its day in silk or wool. It is sometimes worn under jackets, on days in the open that need warmth, when the affair is a picnic, a yachting trip or an automobile tour. Otherwise it hangs in the closets of the homes of fashionable women. However, its lack of fashion has not depreciated its monetary value, for yarn is an expensive thing to buy and a most intricate and difficult thing to obtain.

What We Wear in the Open.

The economical reasons for discarding the white linen skirt, the knitted woolen sweater and the ornamental, white muslin blouse are based on expensive laundry and scarcity of material, plus scarcity of labor.

Those large sectors of American society that considered this three-piece costume the most reliable basis for their summer wardrobes, imagined their taste simple and inexpensive. It was neither. Today the propaganda against non-essentials, and the conver-

Now the Girl, Not the Horse, Marine

Here are some of the new girl marines. Once on a time there was supposed to be a horse marine, but when an advertisement was inserted in New York newspapers for girls to take the place of marines as clerks to relieve men for overseas duties the office was filled with them.

WETS AND DRIES AGREE

Bill Provides Wartime Prohibition On July 1, 1919.

Senate Will Reach Final Vote on Pending Legislation Thursday.

Washington, Aug. 28.—An agreement has been reached, Senate leaders of prohibition and anti-prohibition factions joined in stating, which is expected to insure passage of the pending national wartime prohibition bill Thursday, to become effective July 1, 1919.

The compromise agreement fixes the effective date as July 1 next, instead of Jan. 1, as originally provided. It also provided that manufacture of beer and wine shall stop May 1, 1919, instead of Nov. 1, next.

Representative Jones of Washington, a prohibition leader, Chairman Simmons of the finance committee and Senator Lodge, Republican leader, authorized the statement that the compromise had been agreed upon by leaders and the rank and file of both factions.

That there will be little debate in the Senate, in view of the compromise, was predicted by leaders of both sides of the controversy. Representative Jones said he believed the bill would be passed within half an hour.

89 AMERICANS DIE IN ACTION

181 Wounded and Seven Missing, Pershing Reports.

Washington, Aug. 28.—Three hundred and seven casualties are reported to the war department today by General John J. Pershing. The casualties are as follows: Eighty-nine killed in action, 22 dead of wounds, three dead of disease, four dead from accidents and other causes, 181 wounded and 7 missing in action.

Northwest names appear as follows:

Private Isaac H. Start, White Horse, S. D., killed in action; Private Harold J. Lee, Minneapolis, died of wounds; Corp. M. P. Friedrich, Minneapolis, Privates Frank Halla, Tabor, S. D., Victor F. Munson, Dakota, Minn., wounded severely; Private Roy C. Anderson, Platte, S. D., missing in action.

NEW DIRECTOR OF AIRCRAFT

John D. Ryan Named Second Assistant War Secretary.

Washington, Aug. 28.—John D. Ryan has been appointed second assistant secretary of war and director of aeronautics, thus becoming head of the whole aeronautical section of the War department.

Mr. Ryan will co-ordinate the activities of the bureau of aircraft production and the bureau of military aeronautics. He has been authorized to name a new head for the aircraft board.

Make Motion for New Trial.

Chicago, Aug. 28.—Federal Judge Landis heard argument of counsel on a motion for a new trial and arrest of judgment in the case of 100 leaders of the I. W. W., recently found guilty of conspiracy in violating the espionage law. Unusual precautions were taken to prevent the possibility of an outbreak by the defendants or their friends. The prisoners, who have been in jail for more than a week, were brought into the courtroom handcuffed in pairs under a heavy guard.

KILL FIVE OF SHIP'S CREW

Shots From German Diver Also Sink Steamer Eric.

St. Pierre, Miquelon, Aug. 28.—The steamer Eric of Phuntons has been added to the list of submarine victims off the Canadian coast. Five of the Eric's crew, Newfoundlanders, perished when the submarine opened fire with its guns.

HUNDREDS OF JAPS KILLED

Two Hundred and Fifty Thousands Took Part in Rice Riots.

London, Aug. 28.—A quarter of a million persons participated in recent rice riots at Osaka, according to dispatches received from that city.

Two hundred and ninety were killed or injured at Osaka, while another 200 casualties were reported at Moji.

Shops were attacked and there were similar scenes at Wakamatsu and Yaha. At the Minechi colliery 300 miners attacked the commissary and there were 50 casualties.

GASOLINE SUPPLY IS LOW

Use of Passenger Autos on Sundays May Be Stopped.

Washington, Aug. 28.—The fuel administration called on the public east of the Mississippi river to stop using gasoline for passenger automobiles, motorcycles and motorboats on Sundays until further notice. Unless voluntary action on the part of the public improves the gasoline situation, notice is given that the administration will be obliged to enforce prohibitory regulations.

Foe Prisoners Favor Republic.

With the British Army in France Aug. 28.—The idea of a change in form of government in Germany seems to occupy a place in the thoughts of many German soldiers judging from remarks made by prisoners. One of those who has expressed hopes of a change was a soldier from Baden. He said he and his comrades had had more war than they wanted and hoped that as soon as war was over Baden would become an independent republic. More Alsations have been captured by the British.

CROWELL GIVEN NEW POST

First Assistant War Secretary Is Director of Munitions.

Washington, Aug. 28.—Benedict Crowell, first assistant secretary of war, has been made director of munitions by Secretary Baker with complete authority to procure and furnish all munitions necessary for military operations.

To Try Strikers As Loafers.

New York, Aug. 28.—Four men on strike from a Long Island City factory turning out gas masks for the army were held in \$500 bail for the court of special sessions by Magistrate Kochendorfer charged with violating the anti-loafing law. "The whole purpose of this law is to get men to work on essentials for the benefit of the government in carrying on the war," the magistrate said in overruling the argument of attorneys for the defendants that the anti-loafing law did not apply to strikers.

APPEALS FOR QUICK ACTION

Shipping Board Official Urges Passage of Power Bill.

Washington, Aug. 28.—Quick action on the emergency power bill, authorizing the President to acquire and build electric plants, was urged before the House commerce committee by Morris L. Cook of the shipping board, who said serious interruption in war production during the coming winter was inevitable unless more power was made available.

Mr. Cook told of plans to co-operate with the Philadelphia Electric company and private plants at Portland, Ore., Wilmington, N. C., and elsewhere to increase their facilities and output.

VIEW SCENIC BEAUTY OF NORTH MINNESOTA

(Canby Press)

Dr. Holmberg elaborates on his northern trip and says more of our local people should see the park region of our state.

In company with Mr. and Mrs. W. C. Landru and children and Mr. and Mrs. Henzie and Eleanor, the doctor and his family left Canby a few days before the 4th for a recreation of a week. They drove to Granite Falls and thence to Willmar for dinner. After a short rest they journeyed on through St. Cloud, a wide awake railroad city, along the upper Mississippi, through Little Falls, reaching Brainerd, the object of the first day's drive, about 10:00 that evening. Here they found the very best of hotel accommodations, also the homes of Mrs. Landru's brother, and the Saltee family, formerly of Canby. The people of this northern metropolis vied with each other in aiding the party in every way to get properly located and both fishing and boating. They had little trouble in doing this as the country abounds in lakes of the most beautiful description and these mirages, nesting amid the towering pines, make scenery one can hardly forget.

After getting down in cottages at the splendid Grand View Lodge on the north banks of Gull lake, about 20 miles out from Brainerd, Mr. Saltee, chief engineer of the M. & I. R. R., proposed a trip of three hundred miles further north for the celebration of the Nation's birthday; so the morning of the 4th the party left Brainerd for Bemidji via Walker, the home of the State Sanatorium for consumptives. One must see this country to appreciate it. Through this particular section the roads are unsurpassed in the state, except that no section lines are followed owing to hills and lakes. Winding up and down and around like a ribbon this road traverses sections of pine timbered country, large parts of which are awaiting development. Dinner at the Chase Hotel at Walker was a feature of this trip. The landlord made particular effort to point out to the party the natural beauty of the surrounding country, telling of the great fish catches of the season, showing photos of the real "big ones" and sending the party on with souvenirs of the town.

Reaching Bemidji early in the afternoon, the party again departed this little city the next morning for Itasca Park, which was reached about noon. Here the great "Father of Waters" takes its first breath and starts on its long journey to the Gulf. Here also, each of the party had the opportunity of stepping across the great river, at its origin. Continuing through the park, the next stop was made at Wadena, a splendid city of 2500 in the vicinity of which real farming operations were manifest.

Arriving at Staples, a splendid evening meal was indulged in and the bunch again headed for Brainerd which was reached about 10:00 p. m. Another rest, and a day at Grandview brought the party together for the home journey, Canby being reached Sunday evening. The vacationers were all agreed that Northern Minnesota is the place for Minnesota pleasure seekers, and express great appreciation of the efforts of the Engbretson and Saltee families toward making the visit so enjoyable at Brainerd.

Husband and Wife

Mrs. Frank P. Wood, Box 18, R. F. D. 2, Morrill, Me., writes: "Foley Kidney Pills help me so much. My husband also has received much benefit from them. He was so lame he could not stoop over and now he feels no pain." Lame back, sore muscles, stiff joints, rheumatic aches and pains quickly conquered by Foley Kidney Pills. H. P. Dunn, druggist.

BRITISH FORCES ENTER BAPAUME

New Zealanders Occupy Western and Northern Outskirts of Keystone City.

FRENCH ARE NEAR ROYE

Old Hindenburg Line Pierced by British East of Henin—Allies Assault Wide Front—Foe Resists Doggedly.

Paris, Aug. 28.—In an advance reaching two and a half miles at certain points in a twelve-and-a-half-mile front, the French captured Roye and seven villages, according to the war office announcement.

"The enemy was forced to hasten his withdrawal on both sides of the Ayre," the statement says.

Paris, Aug. 28.—Frenzied counter attacks by the foe have failed to hold back the British and French armies who are hard after the Germans on the 75-mile battle front from the north of Arras to the region of Soissons.

All along the front the German line has given way before the pressure of the British and French troops at points where the falling back of the enemy or the capture of towns and roads running eastward adds greatly to his already serious predicament from the standpoint of strategy.

Numerous towns, villages and hamlets have fallen into the hands of the British and French in the continuation of the fighting and scarcely anywhere along the battle front have the Germans been able to do more than delay the Allies.

In the region around Arras the British are now well astride the roads leading to Donal and Cambrai and further south along the Somme they have pressed forward until they are almost at the gates of Peronne.

Between the Somme and the Oise the French have broken the backbone of the German resistance at Roye, capturing this pivotal point to an invasion eastward of the plains of Picardy and advancing their lines north and south of the town over a front of about 12½ miles to a depth of more than 2½ miles at certain points.

London, Aug. 28.—British troops, smashing through the German lines in the battlefield of Northern Picardy, have reached the western and northern outskirts of Bapaume, the town which has been considered the keystone of the enemy lines in that theater of operations.

The official statement shows slow but continued progress in almost every part of the line from Croisilles, far to the north, to well below the Somme river.

French Repulse Enemy.

Between the Ailette and the Aisne the French have repulsed German counterattacks and have advanced their line about three-quarters of a mile in the district east of Bagneux. This advance should bring General Mangin's armies nearly north of the town of Juigny, which appears to be important from a defensive point of view.

Enemy Plans New Defense.

German resistance continues to be stubborn, but it is believed that the enemy is fighting rearguard actions in the hope of checking the British long enough to get on a new defensive line, probably north and south through Peronne. Divisions which have stood the brunt of the fighting for several days are still in the line.

They Must Feed Their Mascot Goats

The goat, which is supposed to be able to live on the most barren land, cannot find enough to eat on the devastated western front. So those British soldiers who have made mascots of goats must feed them. But they don't mind. The goat seems to be one of the favorite mascots.

BRITISH REFUSE PERMISSION

Two Northwest Congressmen Unable to Visit Battle Front.

With the American Forces in France, Aug. 28.—The British authorities, it has been learned, recently refused their permission for Representative Ernest Lundeen of Minneapolis, Minn., and Representative Charles H. Dillon of South Dakota, to visit the British battle front. They arrived in France late in July on board a British vessel and later visited the American front. It is believed they now are touring Italy.

The request that the congressmen be permitted to pay a visit to the British lines is said to have been made in the usual manner by the American army authorities.

NAVAL AIRMEN ARE ACTIVE

British Drop 27 Tons of Bombs on German Works.

London, Aug. 28.—"Between Aug. 19 and Aug. 25," says an official statement issued by the British admiralty, "the air force with the navy bombed the Bruges docks, the Bruges and Zeebrugge mole, the Zeebrugge canal, the Ostend docks, St. Pierre Capelle, the Solway works and the towns of Middelkerke, Westende and Marie Aalter. We also dropped bombs on German airdromes at Costacker, Ghistelles, Mariakerke and Vlisseghem. "About 27 tons of bombs were dropped."

Will Enlist Men 45 to 55.

Washington, Aug. 28.—That younger men may be released for more active positions, the enlistment of men between the ages of 45 and 55 years has been approved by the War department for the Ordnance department, quartermaster and medical corps, and for certain branches of the signal corps. Instructions to this effect were sent to army recruiting units throughout the country. Minor disabilities, which do not interfere with the performance of the military duties of applicant, will be waived, it was said.

ANNIHILATE TWO DIVISIONS

British Wipe Out German Forces in Terrible Night Battle.

London, Aug. 28.—Two entire German divisions (24,000 men) were annihilated by the British during one night's fighting, a battle front dispatch reported. The dispatch said thousands of dead and wounded strewn the battlefield.

Correspondents with General Haig's army describe a night fight between Germans and British with bayonets and hand grenades in the light of some flaming tanks, whose petrol was burning as a result of shell fire.

One correspondent says: "It was a gigantic tragedy, ending finally in the utter defeat of the enemy."

IMPROVE THEIR POSITIONS

American Troops Attack Germans Near Bazoches.

With the American Forces on the Vesle Front, Aug. 28.—American troops attacked the Germans in the region of Bazoches, three miles west of Fismes. Simultaneously the Germans attacked the American lines at Fismette about a mile northwest of Fismes.

Infantry fighting in the outskirts of Bazoches still is continuing. The Americans at present are holding the upper hand.

The American attack on Bazoches was made in daylight and the Americans improved their positions.

Master German Spies Indicted.

San Francisco, Aug. 28.—Baron von Muensch and Edward M. Zacho, alleged "master German spies," are under indictment here charged with using fraudulent passports and failure to register as alien enemies. Muensch has been in custody here. Zacho is held at Ellis Island, N. Y. Muensch, said to be a nephew of former Ambassador von Bernstorff, formerly was a prisoner in Russia, federal officers say. Zacho obtained his release and the two came to America via Siberia.

Do You Pay Your Bills?

The Basis

CHARACTER is the basis for extending retail CREDIT.

A person with a good character can get credit just like they can get almost anything else. It's HONESTY, EFFICIENCY and CAPACITY that counts—that makes CHARACTER.

A man with HONEST INTENT AND EFFICIENT enough to not overestimate his income or underestimate his expense—in other words, to make both ends meet—can and does invariably get credit.

In the long run IT'S HONESTY that counts more than any other one thing—and HONESTY after all is said and done, is the big part of CHARACTER.

Honest folks pay their bills?

Do you pay yours?

Don't Lie

THERE is no other one thing that will show up a man's true character so much as the manner in which he takes care of his obligations.

"DEAD BEATS" ARE WITHOUT HONOR.

"DEBT DODGERS" DO NOT VALUE THEIR WORD.

Both are willing to sell their CHARACTER for a piece of merchandise—and lie to boot.

When you take merchandise from a man's store on credit you take it with an understanding that you are to pay for it. If you don't remit, you have lied to the merchant. And it's an old saying that "A MAN WHO LIES WILL STEAL."

And no one wants to transact business with a thief.

Organized to Help

MISFORTUNE comes at times. Without regard to station, it pays its respects to all. DON'T CAPITALIZE MISFORTUNE. DON'T MAKE IT AN EXCUSE TO BECOME A "DEAD BEAT."

If things seem to be going against you—get in touch with the men you owe. The merchants of this city are lenient to a fault. If you show honest intent they will go to the ditch with you—BUT YOU MUST DO YOUR SHARE.

If you are in the hole, YOU CAN GET OUT. Tell your creditors and they will lend the willing hand. NO GOOD MERCHANT WANTS YOU TO BECOME A BANKRUPT.

This association was formed to eliminate the "DEAD BEAT" and help honest folks who want to pay their bills.

Brainerd Business Men's Ass'n.

PROGRESS ATTAINED ON GULL LAKE ROAD

In Spite of Labor Shortage Due to Harvest Time Road Will be Completed on Time

5 CONTRACTORS ARE AT WORK

Status of Road Work of the Various Sections A., B. and C—Work Done on Bridges

The Gull lake road, known also as State Road No. 7, or Federal Project No. 7, or Crow Wing County Job 1707, has been under construction practically 70 days and in spite of labor shortage good progress has been made.

By placing work with five contractors instead of two or three as might ordinarily have been done, the State Highway Department and the county commissioners will be able to open to the public this very necessary road at the close of the season.

The Iowa Bridge Co. has practically completed its contract and has furnished the county three very good reinforced concrete bridges.

E. J. Fennelly of Aitkin, has about completed his contract of furnishing sectional concrete culverts of which there were five carloads.

On Division A., which starts at the Larson farm and extends to the red school house one-half mile north of Gull lake and Mud lake narrows, Jas. Wilkins & Co., road contractors, will soon be through with clearing and grubbing. The grading crew is working near Round Lake and the surfacing crew near Long Lake. This division is over half completed and it should not be long before the terrors of this section are eliminated.

H. Thurdale & Co., on Division B., which starts at the red school house and extends to within about two and a quarter miles south of Pequot, have about finished clearing and grubbing have completed about two-thirds of the grading and have started finishing and surfacing. They should have no trouble to complete this section if their rate of progress is maintained.

Franzen Bros., contractors on Division C., which begins two and a quarter miles south of Pequot and extends to the section corner one-half mile east of Jenkins, have succeeded in making the greatest percentage of progress on their six mile division, the clearing and grubbing is practically finished and they have about one and a quarter miles left to grade. The work still needs finishing and some surfacing will be necessary. They should have no trouble to complete their division early this fall.

Just now progress is necessarily slow on account of the labor shortage due to harvest time, but during September and October there will be plenty of opportunity to make up for lost time if necessary.

HARVEST HOME PICNIC

Annual Picnic of Mission Lake Farmers Club at Home of E. E. Taylor

The Mission Lake Farmers' club will hold its annual Harvest Home Picnic Monday, Sept. 2nd, at the home of E. E. Taylor, five miles northeast of Merrifield.

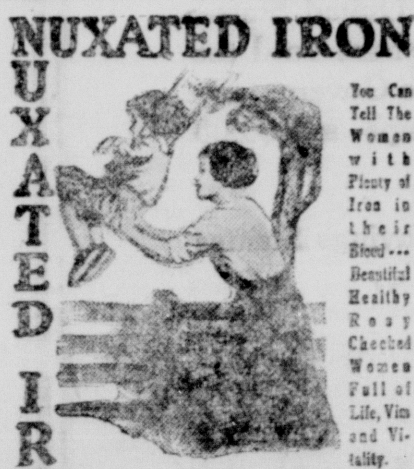

Bring your lunch basket and enjoy the day with us. There will be a program in the afternoon. Races and games for the children. Free coffee at noon.

Auction for benefit of Red Cross at close of program. Everybody welcome.

E. E. TAYLOR, Sec'y.

To Amateur Gardeners.

For amateur gardeners the surest way to tell the weeds from the flowers is to pull them all out. The ones that come up again are the weeds—Life.

SIXTY BOYS LEAVE FOR CAMP GRANT, ILL.

Represent Four Counties of Crow Wing, Aitkin, Cass and Beltrami, Take St. Paul Train

BAND AND DRUM CORPS OUT

Dinner Served by Red Cross Ladies in Masonic Rooms of Iron Exchange Building

Sixty boys of Crow Wing, Aitkin, Cass and Beltrami counties left on the afternoon train for Camp Grant, Ill. The Crow Wing contingent of fourteen had Goodwyn B. Olson as their captain. Aitkin county's seventeen were captained by Lawrence Anderson of Aitkin. Cass county's fifteen had Dell Paddock as captain. Beltrami's fourteen were captained by Joe Morris of Bemidji.

The local county boys had dinner at the Masonic rooms in the Iron Exchange building, ladies of the Red Cross serving. The rooms were beautifully decorated in patriotic colors. The Brainerd City band played and the Machinists Drum corps alternated with selections.

Stores closed during the troop movement.

At 11:15 the contingent for Camp Lewis left for the west. The contingent kept perfect step, marching as one man. It was no trick to go through drill movements as but one man made the trip, William Gildart, Jr. William is a farmer boy and worked hard to the last minute threshing. While other boys had a week's layoff before leaving for camp, such pleasure was denied Gildart. The threshers needed men and he worked in the fields until 9:30 Tuesday night. Wednesday morning he went to camp. There was no band playing for him as he left two hours before the other boys. He choked down the tears as his sisters stood on the platform. The Red Cross had given him a quick lunch. John Kollos, candy man, supplied him liberally with cigars, and friends from the country left the threshing machine stand to hurry in to bid him goodbye. One companion walked ten miles to town to bid him goodbye and missed the train by twenty minutes.

These 61 boys from this and neighboring communities looked fit as a fiddle and can be expected to do their part. To many accustomed to rigorous work of the farms the hardest tasks will be easy for them. Many will need no setting up exercises as work on a threshing gang exceeds the hardest drill any camp instructor ever put his men through.

Below are given the names of Crow Wing county's 14 men for Camp Grant, Ill.:

Philip Joseph Daveau, Minot, N.D.
Erwin Wm. Reinhardt, Minneapolis
Ray Wm. Crann, Avoca, Iowa.
Rene Duchesneau, Ogema.
Carl Fudolv Carlson, Crosby.
George Vaars, 229 3rd Ave. N. E. Brainerd.
Morg Wellington Murphy, Minneapolis.
Oscar Frederick Rodean, Jenkins.
Nels B. Nelson, Rt. 2 Brainerd.
Chas. Miller, 430 N. E. Pine St.
Goodwyn B. Olson, 811 Fir Street.
Grover C. Burchett, Jenkins.
Webster Johnston, Rt. 3, Brainerd.
Delbert Busbey, Route 3, Brainerd

LIVESTOCK DYING IN COUNTY

A disease known as Haemorrhagic Septicaemia has caused the death of considerable livestock in the county; occurring in cattle, hogs and sheep. County Agent E. A. Colquhoun has the names of farmers that have lost a total of twenty-eight head in the last six months. The first appearance of the disease in this county was late last fall but it is becoming more common the last few weeks, and livestock breeders are urged to familiarize themselves with the characteristics of the disease.

This disease as the name implies is characterized by hemorrhages which may or may not be visible in sick animals. Most often the stock owner will find a dead animal without having noticed any sickness. At other times swellings will be noticed in any part of the body accompanied by loss of appetite, dullness and loss of function of the parts involved in the swellings. If the lungs are infected the animal will breathe faster than normal and the bloody exudate from the nostrils will be present. If the bowels are involved there will be dark or bloody diarrhea. In fact the symptoms are so varied that a full description can scarcely be attempted. Up to a few years ago no remedy was known and none will prove very effective now in sick animals owing to the rapid and destructive progress of the disease. When the disease broke out in the national park in Wyoming, government experts in pathology were sent there to investigate and they developed a vaccine which promptly checks the disease from spreading. This same vaccine prepared from the bovine species is just as effective in checking the disease in cattle. Hence when an animal is attacked by the disease, the rest of the herd should be promptly vaccinated to prevent further losses.

The county agent has been in touch with farmers that have had this disease occur in their herds and knows that further losses were prevented by vaccination. It is of course necessary to employ a skilled veterinarian.

CASH AND CARRY PLAN IN BRAINERD

Receiving the Attention of the State Food Administrator's Office, Special Agents Here

THREE ARE NOW IN THE CITY

H. R. Yerxa and V. B. Yve Assisting Corporal George E. Kennedy in the Matter

The cash and carry plan in Brainerd is receiving the attention of the State Food Administrator. Corporal George A. Kennedy of Duluth first organized the food dealers as the Brainerd Food Distributors association. September 15 was set as the date for reducing deliveries and of coming to a cash basis.

Some merchants, however, were opposed to any change and the department has reinforced Corporal Kennedy with two assistants, H. R. Yerxa and V. B. Yve, special agents.

Mr. Yerxa has an interest in the Yerxa Bros. stores and is fully aware of the advantages of doing business on a cash basis and of either eliminating deliveries completely or of having only one consolidated delivery.

Mr. Yve has but recently returned from Brown county where wheat hoarding farmers received his attention and were quickly brought to recognize the orders of the State Food Administrator.

WHERE PART OF OUR LIBERTY LOANS GO

Payments to the Allies since the United States entered the war now stands at \$6,089,089,750. This represents the aggregate of checks actually drawn on the treasury and paid, as distinguished from credits established, or agreements by the United States government to make loans which now amount to \$6,692,040,000.

All credit accounts are open and are being drawn upon periodically by the governments to which they are extended, excepting that to Russia which has an unexpended balance of \$137,000,000. Technically this is still available, but the Bolshevik government has never presented any demands for payment.

Credits now established for the Allies are as follows:
Great Britain \$3,345,000,000
France 2,965,000,000
Italy 760,000,000
Russia 325,000,000
Belgium 154,250,000
Greece 15,790,000
Cuba 15,000,000
Serbia 12,000,000
\$6,692,040,000

ANTON SWANSON WRITES

Brainerd Dispatch Printer Makes Good Record on Rifle Ranges
Camp Robinson, Wis., Aug. 24, 1918.

Friend Albert:
Well Albert, I got your letter today and will answer it this afternoon as we have got nothing to do until Monday morning. We can't leave camp as we are ready to move as we are all packed up and when we get our packs on, carry our rifles, we look like soldiers for sure. We have new suits, overcoats, wrap-legs and a half tent, two soldiers make one tent together and that makes quite a load.

I thought we were going to leave this morning, but they seem to put it off every day and now I guess they won't believe it until we get on the train. I heard that John Stilwell was ready to go over so he will get there before I will although he is one month behind. Well the way they do it is the division that is organized first goes. We belong to the "Blackhawk" division and I guess they have moved from Camp Grant. 57 trains left there last week for N. Y. and we will follow them. It will take about three days to go from here as they never run a troop train fast. We won't be allowed to make any noise like we did on the trip from home, so it is going to be a long ride. We are all set to get on the boat and we try it out every day. My number is 176 so everything I have has got that number on it.

I see in the paper where the rifle club goes out shooting and of course I look at the scores. Believe I did just as good shooting as some of those birds did. The best shooting I made was 23 points out of 59 at the 600 yard range, although I made better scores at shorter range. The guns we had we will take over with us and they say have got the power. The other day we went through the gas chamber again and it had the real poisonous gas that time. It sure is powerful dope as all jewelry had to be put away as it turned black. One fellow in camp would not go in so five fellows tied him up and carried him in so he had to take it.

That tobacco the force has you had better send to Broman as I might never get it if we move from here. I thank you for the other you sent and I sure would like to get the other, but safety first.

So Blackie and Sheffo are both playing ball in France and if they hit the kaiser like they do the ball it's all over except the shouting. Well will close for this time as it's

The New Dresses Satin, Serge and Jersey Cloth Fashions Very Latest

It is very interesting to see our showing of new dresses. They are most practical in every sense and appeal to women who are practicing war economies.

As usual these dresses have style about them impossible to obtain in the home made dress. There are many to choose from.

H. F. Michael Co.

Contributed by the Brainerd Dispatch

The Government is raising \$2,000,000,000 this year through War Savings Stamps—that is only an average of \$20 for every man, woman and child in the United States.

In Minnesota the quota for War Savings Stamps is \$47,000,000. Let's buy more than our share.

We have a chance now, such as we never had before, to show whether we know a good thing when we see it.

U. S. Thrift Stamps for 25 cents each—with your first Thrift Stamp you will get a Thrift Card with spaces for 16 stamps. When you have filled it you can exchange it, with the few added pennies, for a \$5.00 War Savings Stamp.

Do Something Better Than the Other Fellow--- and ADVERTISE

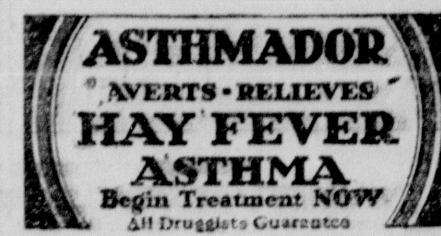

Advertising cannot accomplish the impossible any more than barren ground can yield rich crop.

But how advertising does make things hum when the product and proposition are right, the men and methods above board, when there's an honest purpose and earnest effort from bundle boy to general manager to serve efficiency, to deal honestly, to sell good goods, to price fairly.

Oil up the machinery of your business, imbue your organization with the spirit of true service, make your business worthy of the good will, the confidence, the patronage of the people.

In this fertile field then sow the seed of advertising and it will bring forth abundant crops in increased business and augmented prestige.

Your store news in the Dispatch will be read in practically every home in Brainerd and vicinity every evening.

Poultry—Country dressed sells at from 2c to 3c above prices on live.

PEOPLE EQUAL TO TASK, SAYS ARTHUR ROGERS

Ninth Federal Reserve District Will Buy Any Amount, Says Liberty Loan Chairman.

DRIVE BEGINS SEPT. 28

Selling in Northwest to Be Completed in Five Days—Local Organizations to Carry Out Details—Workers Behind Fighters.

"The people of the Ninth Federal Reserve District will buy the amount of Fourth Liberty Loan Bonds allotted to them, whatever that amount may be. They would buy these bonds even if they did not bear any interest."

This strong statement was made by A. R. Rogers, chairman of the Liberty Loan Executive Committee of this district, after careful consideration. In explaining his confidence in the loyalty of the people of the Northwest, he said:

"I am thoroughly convinced that the

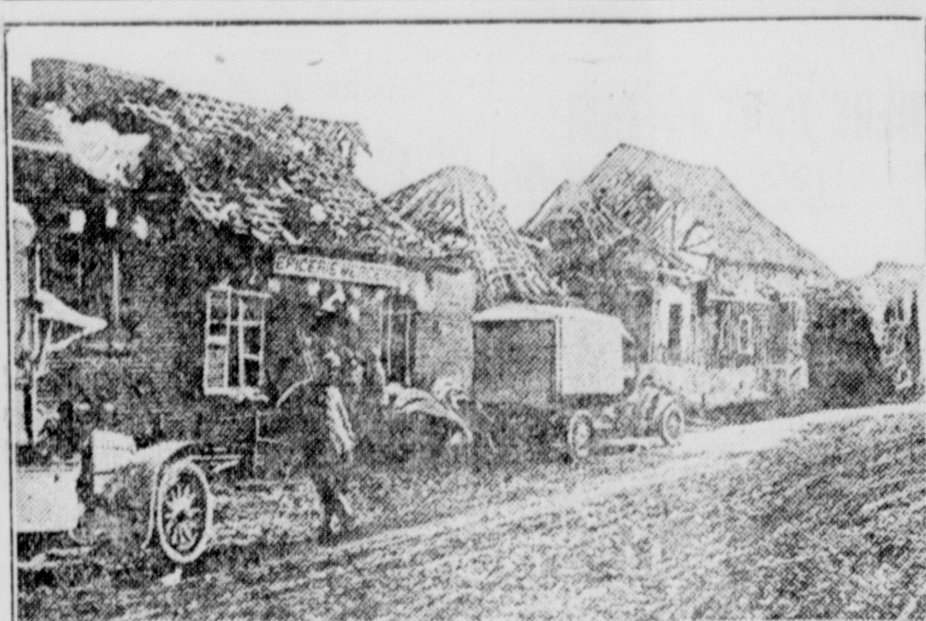

tively simple. In a great many countries, probably in the majority of them, individuals will be notified where and at what time to buy the bonds allotted to them and their subscriptions will be promptly made without solicitation. "How ever a county committee decides to carry out the details of its campaign will not be material so long as the results are obtained. All any county has to do is to subscribe the amount allotted to it and to secure it properly and without resort to any methods that cannot be justified. "We have a great big task in front of us, but the people of these states are equal to it. They are not going to fail to loan the money necessary to their Government when millions of our young men are gladly giving the service which may mean their lives."

WHERE THE MONEY GOES.

Billions are big. The average layman finds a million hard to comprehend. As an aid to understanding your Government must have so many billions of its people's dollars, Paymaster General McGowan, of the United States Navy, gives the following list of the costs of various kinds of supplies and equipment in the Navy. There are only about a million men in the United States Navy now.

Estimated Cost of Various Types of Vessels Now Under Construction.

Battleship	\$23,075,000
Battle cruiser	24,900,000
Scout cruiser	7,220,000
Destroyer	1,590,000

AMERICA'S TASK IN FRANCE.
The above picture of a French town is typical of what the Americans are finding as they drive back the destructive hordes of Kaiserism. It is to prevent more of this cruel waste and help those who have suffered by it to regain their freedom that America's men are fighting in France and Americans at home are asked to provide the money. These objects cannot be obtained unless everyone does his duty during the Fourth Liberty Loan, September 28th to October 2nd.

people of this great part of the country will do whatever their Government asks them to do in this crisis. I believe this after working with these men through two Liberty Loan campaigns and having pretty well learned their processes of reasoning and their inclinations.

"I do not have this faith in the people of the Northwest because I think all of them are patriots, or are anywhere near perfect.

"I do know, however, that a large majority of the men in these Northwest states understand what this war means, what part the United States Government must take in this war if it is to be brought to a successful conclusion.

"They know that the people of the United States, individually and collectively, must stand by their Government, if it is to accomplish its great ambition and bring harmonious peace to the world.

"They know that America must finance her Allies and that if America furnishes the money it means victory. Every American must do his full share. I know that the men and women of the Northwest appreciate their duty to their Government and will perform it at whatever cost to themselves. They have learned that everyone in America must get under the load which America is carrying for the democracy of the world.

"Realizing all this and feeling strongly the righteousness of the cause, we are soldiers, and whatever the Government in which we are stockholders asks us to do, we will do.

"The actual work of selling bonds in the Fourth Liberty Loan drive in the Ninth District will begin Sept. 28 and will be completed just five days later. The work of organization throughout the district is being done now. The county chairmen in all counties are perfecting local organizations, making the allotments and arranging all the details that will make the actual selling of bonds compara-

SOMETHING COMING TO THE GERMANS.
These stalwart Americans are only practicing, but a million or more of them are only waiting a chance to practice in deadly earnest through the German lines. Our boys are proving daily that they are the best known exponents of the fighting that requires brains, muscle and nerve. Every man, woman and child who buys bonds in the Fourth Liberty Loan campaign will be helping these men make "the world safe for democracy."

BECOMES A PRISONER

Man Who Sank Lusitania Is Captured.

Lieut. Schwieger Taken By French Patrol Boat In Mediterranean Sea.

Paris, Aug. 28.—According to La Journal, Lieutenant Schwieger, who sank the Lusitania, has been captured by a French patrol boat in the Mediterranean.

A large submarine, of which he was second in command, had just torpedoed a British steamer between Malta and Sicily. The German was waiting to see the vessel sink when two French patrol boats emerged from the fog and sank the U-boat. Of the crew of 75 only one officer and four men were rescued by the patrol boats.

Tries to Destroy Papers.

While being taken to Toulon the officer appeared ill at ease. When he thought no one was looking he tried to throw some papers overboard, but a sailor seized his arm. He refused to answer questions, but an examination

of the papers explained his uneasiness.

La Journal asks if the man who committed "the most vile, the most barbarous and the most cowardly act in the annals of war is merely to be sent to a prison camp."

The German admiral, according to advices from London August 10, has admitted that Lieutenant Schwieger was killed when a U-boat that he commanded struck a mine in the North sea. The dispatch said his death occurred in September, 1916.

BOMB BLAST FATAL TO TWO Naval Quartermasters Die From Injuries in France.

Washington, Aug. 28.—Leonard L. Kneland of Chadwick, N. Y., and John J. McVeigh of Philadelphia, navy quartermasters, are dead in France from injuries received in a bomb explosion on a seaplane Aug. 22, the Navy department announced.

The Russian Peasants.

The taking over of some of the czar's landed possessions recalls the fact that Albert J. Beveridge, in his book, "The Russian Advance," published a few years ago and in which he gathered political, social and economic facts, states that even then the Russian peasant was looking forward "to a second emancipation, giving them new additions of land absolutely and without any cost whatever to themselves." When the peasant ceased to be a slave he did not comprehend that he was still not free to use his master's tools or to cut from the landowner's forests timber for his use. "The most curious situation," says Mr. Beveridge, "are even yet arising, growing out of this inability of the peasant to comprehend the obligation as well as the benefits of his emancipation. Liberties are taken by the Russian peasant with the property of a Russian proprietor which would not be tolerated for an instant by an American in the same situation. In all of this there is not the slightest impertinence, nor the least intention to wrong the landed proprietor, nor the faintest conception on the part of the peasant that there is anything immoral in what he does. He or his fathers did the like before, and he just continues to do the same as a matter of course."

"Back Home Again in Minnesota"

Minnesota soldiers who are so bravely going forth to make the world safe for Democracy—singing as they go—are proud of their own home state.

They will do their part as loyal Americans and proud Gophers. Uncle Sam can count on the boys at the front. They will always be ready and willing to do their full share—but, how about those of us behind? Are we backing up the boys in the trenches?

There are many ways by which we can daily prove our loyalty—one of the best is by putting up our money.

Minnesota's statewide W. S. S. Pledge Week campaign begins June 6th. Let's do our duty by the boys from this state at the front.

Pledge War Savings Stamp Purchases for the Year

When we buy W. S. S. we are not giving our money. No indeed, Uncle Sam is merely asking us to loan our money. In W. S. S. the government offers the best investment in the history of the United States—four per cent compounded quarterly.

War Savings Stamps are the answer of a great republic to the demand for a democratic form of Government security. They are the bonds of the people—bonds that all of us can buy. They have behind them the entire resources of the Government of the United States. They steadily increase in value from the date of purchase until the date of maturity—and this increase is guaranteed by the Government. These stamps are issued in two forms—25 cent stamps and \$5.00 stamps.

Buy Thrift Stamps at 25 cents each and War Savings Stamps every month in the year.

Minnesota War Savings Committee
